Sprint:	6/18 Sprint, 7/2 Sprint
----------------	-------------------------

Description

User reports being disjaring experience when you have 14 properties in display results and you filter based on price then your point of reference goes away.

Comments

Comment by [Michael Sharps](#) [15/Jun/15]

Map should maintain initial boundaries after search filtering.

Comment by [Web Admin \[Administrator\]](#) [22/Jun/15]

Cancelled release of this item due to numerous new issues it caused with search. One issue is with filtering the results, if none exists in the area the fallback search kicks in. A scenario can be created where the fallback search will return a result that would not show up the map because the zoom would be limited.

[EWS-24] [Find a place for the Retail link on the new website. We used to have a link on the old essex.com site - now it's only on the property pages - footer, or menu item](#) Created: 30/Apr/15 Updated: 17/Jun/15 Resolved: 17/Jun/15
