# FIND YOUR WAY

## ENABLING YOUR LOCATION SERVICES

If the blue dot does not show up on the community map after you click the grey dot icon to activate, you may need to adjust your location services settings by following these easy steps.

**For iPhone users, go to:**
> Settings
> Privacy
> Location Services
> Location Services On

**For Android users, go to:**
> Settings
> Location
> Move the Slider to "On"
> Tap Mode
> Select Prefered Mode:
   *High Accuracy (recommended)*
   *Battery Saving*
   *Device Only*
