

Winter storm warning

The National Weather Service has issued a severe winter storm warning. Please be careful over the next few days!

For the well-being of our maintenance team, please understand that we can begin to remove snow accumulation only after the storm has passed.

Winter storms can be unpredictable, so take some time to prepare.

Here's what the American Red Cross recommends:

- Stay indoors during the storm.
- Walk carefully on snowy, icy sidewalks.
- Keep an adequate supply of food, water and items to stay warm.
- Take time to care for pets and neighbors who may require additional assistance.
- If you are traveling, tell someone your destination, route and expected arrival time in case you are stuck.
- Carry a disaster supply kit in the trunk if you must travel by car.
- Keep your car's gas tank full to keep the fuel line from freezing.

Additionally, please keep your apartment warm to keep your pipes from freezing. Should you experience a maintenance emergency, please call us immediately at

Thanks for your patience and cooperation.
